Current Developments in Employment-Based Immigration

Dear Julie,

This is the latest installment in our efforts to keep you apprised of the rapidly changing U.S. immigration environment. Some of the most recent changes could have a serious impact on you or your employees, and we urge you to communicate these changes to interested parties.

Potential Scam Targeting Foreign Nationals

Rosner Partners LLC has been informed of a new scam potentially victimizing foreign nationals. According to one report, the individual will receive a call purporting to be from a USCIS officer, who will have certain correct information on the individual, including the individual's name and address. The caller will state that there is some discrepancy in USCIS records, and ask for confirmation of data, such as an I-94 number, an "A" number, or a visa control number. The caller will then tell the individual that there is a penalty for not clearing up the discrepancy, and that the individual is to send a sum of money via Western Union, to an address the caller provides. Please alert your foreign national employees they may be receiving such calls. If they are contacted, advise foreign national employees not to provide personal information over the phone and to report the call to our office immediately.
